and Mrs. Nelson Whitehurst, and is a 1979 graduate of Elba High School. In addition to the new title, Lynn is the reigning Rattlesnake Rodeo Queen. Runner-up Friday night was Carmen Sando of Enterprise.

Terri Thompson, also of Enterprise, was second runner-up. The talent winner was Leigh Ann Payne, with Lia Lowery winning second place. Miss Whitehurst will represent Coffee County in state competition. This will be held in Mobile in December.

Two Car Accident Results In Charges By Police

A two-car accident on North Claxton Avenue Saturday afternoon sent one of the drivers to the Elba General Hospital for

treatment and caused over \$2500 in damages. A pickup truck driven by William Mack Cotton collided

with a car driven by Annie Walker Flowers. Cotton was taken to the hospital by private auto after the cars had been

removed. Citations for driving while intoxicated, no driver's license and having an expired license tag were issued to Cotton.

City Council Buys New Police Car

The Elba City Council met Tuesday night with only Councilman Jimmy Wise absent. The meeting was smooth and relatively short, with all councilmen voting unanimously on motions passed.

Mrs. Doris Taylor, representing the Elba Library Board, reported to the council that Dr. Kimney had offered to sell his office building on Putman Street to the city for use as a public library. She reported he was asking for the appraised value of \$50,000 to be paid over a five-year period at 6% interest. She added that the doctor had offered to make a personal donation of \$5,000 on the project.

Mrs. Taylor explained briefly just how the building could be used with very little remodeling. She also noted that Dr. Kimney was not needing an answer before November 1.

The purchase of a police car was the next item of business with only two bids being received. Frank Ashe Ford was the low bidder with a bid of \$5151.53. The bid was "if available" from another dealer on dealer transfer, and if not, the firm's price would be withdrawn and the bid from Cook Chevrolet accepted. However, Wednesday morning, City Clerk Jack Prescott was notified the car would be delivered as bid.

The new car was purchased without air conditioning, at a saving of \$225. Police Chief Max Rayburn made a special request for the cooling unit, noting that the hot weather caused problems as the men perspired and had to work closely with the public. Councilmen acknowledged the heat, but noted they needed to save money and the police department needed to make the sacrifice.

A look at the budget for the year revealed that the city has overspent the budget by \$110,000. Every department except the garbage and sewer and capital expenditures was over at the end of July. However, this doesn't quite give a true picture. Two examples are Recreation and Grant expenditures.

Restaurant

Planned Here

Jack Brunson, President of National Security Insurance Company of Elba, has announced plans to open a first-class restaurant in Elba within the next few months. Brunson says he has hired a highly-qualified manager-chef to operate the business for him.

The new business, to be named Cafe Bonaparte, should be open within 90 days, and will be located in the former home of National Security, located to the right on the Elba-Troy Highway, just north of the levee. Brunson says his manager will be on location within the next three weeks to supervise the work, select the necessary equipment and begin putting together a staff qualified to prepare and serve the quality food with which the business hopes to be identified throughout the Wiregrass.

The food will be first quality. Brunson said, noting the chef refused to accept the position unless he could be free to furnish only the finest. Prime rib and fresh sea foods will be specialties of the house. The dining facilities will seat about 150 people, with a special "function room" seating forty or fifty; several semi-private dining rooms in the main dining room, and an "executive dining room" seating 15 or 20 people.

Brunson noted he enjoyed eating fine foods in a pleasant atmosphere, and had found a number of Elba people shared his thoughts; therefore, he is making this investment so the people of Elba and the entire Wiregrass will have the opportunity to enjoy fine foods at home.

Both these are over the allotted amount, but in Recreation, is included for the first time, the cost of drinks and cookies for resale. A very active recreation program this summer has run these charges up, but it just means more profit for the treasury because they are sold at a profit. The grants from the federal government have been higher than expected; therefore, this expenditure is included in the \$110,000 budget overage, even though the funds furnished the funds. There are still two months left on the fiscal year, and some departments, such as fire, street, police and recreation could fall back under the budget totals by year's end.

Mayor Robert Folsom noted he would have to present an amended budget the first meeting in September to make the overages legal.

Four-hundred seventy-four feet of Country Club Road, off the Taylor Mill Road, are now public property. The city accepted the street leading up to the arch of the Elba Country Club as a public street. The request had been brought by Mr. Everett Kelley, who told of plans to develop some property he owns nearby. He needed access to the street through Flack Lumber Company land, and could only get it through the short section of street.

The fire department will be allowed to take the fire car to out-of-town firemen's association meetings; the city will get a legal opinion on the many mobile homes parked in R-1 zones in Elba; the Council will pay the county commission their prorata share of the \$12,000 paid to former Tax Assessor Fred Donaldson. It will be paid immediately according to a suggestion made by Mayor Robert Folsom. His totaling almost \$10,000 were approved; Folsom reported preparation was underway to have the airport extension ready for paving by state crews; fines for July totaled \$1189.50.

Folsom reported the city has done work on the football field fence, cleaned up some city-owned community development property, done some leveling on the football and hand practice fields.

Councilmen agreed to again apply for a \$500,000 Community Development grant to improve drainage in the Mulberry Heights area.

CattlemenPlan Special Sale

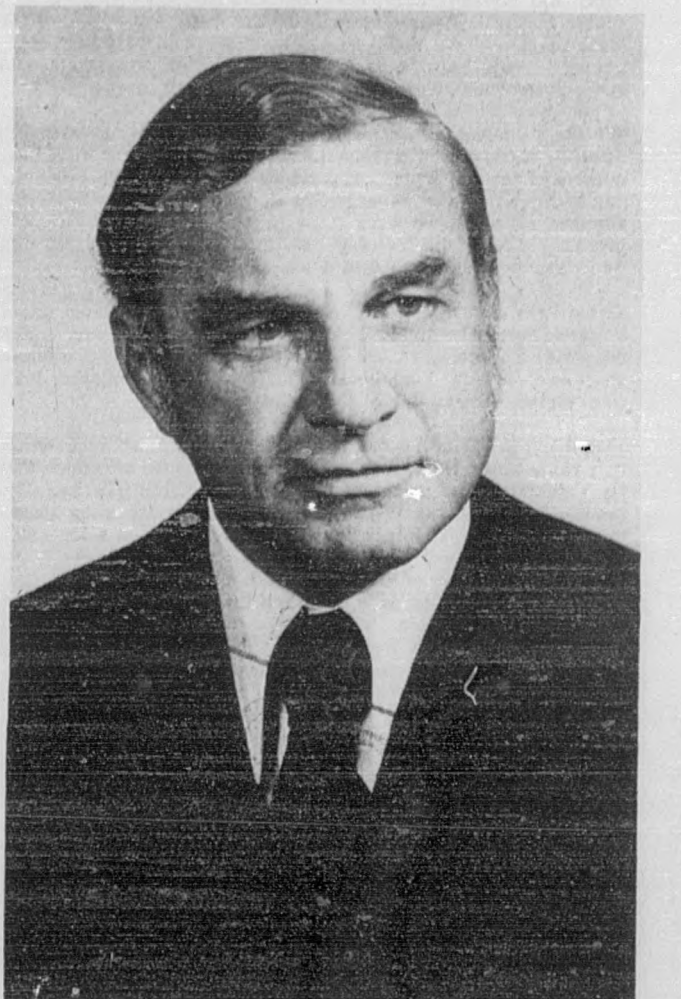

The Coffee County Cattlemen's Association will sponsor a Cattle Sale on Monday, August 20, at 7:00 p.m. at the Farmers Livestock Co-op Auction Market in Elba (Highway 84 West).

The barn will be open all day Monday for your convenience. Bring all types and kinds of cattle you have to sell. (See ad on page 2 of this week's Clipper.)

Infant Formula Is Recalled

The Alabama Department of Public Health is advising Alabama residents of a recall of an infant formula that has been distributed in the state.

According to a spokesman, the Department was notified by the U. S. Department of Agriculture and the Center for Disease Control that NEO-MUL-SOY, a soy-based infant formula, manufactured by SYNTEX Laboratories, is being recalled by the manufacturer due to problems encountered in other parts of the country. Persons using the formula should return it to the place of purchase and exchange it for another soy formula.

Earl and wife Alma have two children, Mrs. Pamela Long who lives in Savannah, Georgia, and Kimberly who is currently attending Greensboro College in North Carolina. The Peters will be moving to Elba in the very near future. They are members of the Presbyterian Church.

Moore's Proudly Show Home Grown Peaches

Clyde and Ruth Moore are shown with just some of the fine Elberta peaches grown on their farm in the Basin Community. Mrs. Moore gives all the credit to her husband, saying he does all the work. They have four bearing Elberta trees and a total of 25 peach trees. These are probably the finest home-grown peaches ever brought into the Elba Clipper office. Mr. Moore says, "I try hard. I do everything Auburn and New Brocton says."

POOR ORIGINAL

Views From THE PRESSBOX

With Ricky Mulatz, Sports Editor

The Men's and Women's batting leaders are in the paper this week, and I'm sure some players are going to get upset when their names are not listed. Each week during the season, Recreation Director, Dennis Smith, would bring the scorebooks by the **Clipper**, and I would write up the results of all the games. When the books were full, I'd store them in my desk. Well, last weekend I gathered 17 scorebooks and began figuring batting averages of over 250 players. Late Monday night, after many long hours, the job was finished, and the list of each league's top hitters was compiled. I am pretty sure the records of some games were lost during the long summer, but the averages are correct and include almost every game played.

By the way, if you thought your average should have made the top 15 or 25, don't blame me! I didn't keep the books at the games. I just figured the averages. Fuss at the scorekeepers!

Before I move along and leave the subject of softball, I'd like to mention someone who works hard, but whose endless work goes unappreciated. Myra Stokes devotes most of her free time to volunteer work with the Recreation Department, and she enjoys helping immensely. She is always around to keep books, doctor wounds and make sure everything is going smoothly. Everybody sees her at the games, but few realize how valuable she is to the recreation program.

Myra - thanks for helping make our recreation department one of the best!

The Elba Tigers started football practice Monday, and a big group of players was on hand. Coach Wood reported he will have the team out in pads today (Thursday), and the squad will work hard for the next two weeks. If you get a chance, why not go out and watch our team practice. If it's not too hot to practice, it can't be too hot to watch.

The Elba Athletic Club is in the process of erecting a fence completely around the football field. The enclosure will totally secure the field from unauthorized visitors, and will also cut out people getting in free at ball games. The fence is expensive, and I am still asking people to join the Athletic Club and help with the expenses. Your membership dues will help not only the club but they'll help athletics at Elba High School.

Last, but certainly not least, I would like to congratulate Grimes Oil for making the Top 4 in the District Tournament, and qualifying for State. The men on the team work hard, but love to play ball and are most deserving of a berth in state.

Farm Bureau Knocks-Off Bandits To Grab 2nd Place

Farm Bureau edged the front-running Bandits 4-3 last Tuesday night to clinch second place in the Women's Softball League. Farm Bureau finished the season with an 18-6 record, as did the People's Bank, but placed second on the strength of two wins over the Bank.

Farm Bureau played 4 runs in the opening two-innings and held on to edge the Bandits 6-0 in the final two-innings. Jane Rayburn had 2 hits for Farm Bureau, while Sherri Cook and Becky Hammonds both got 2 hits for the Bandits.

REDJACKETS 10
MERCHANTS 8
The Redjackets rallied for 6 runs in the final two-innings to knock the Elba Merchants 10-8. Sherri Weeks got 3 hits.

Little Beaver Cops City Crown With Win Over Peoples Bank

The Little Beaver pushed across 2 runs in the top of the 8th inning and held on to edge The People's Bank 8-7, and win the Men's Softball League crown.

Billy Bowden, Randy Oglesby and Lamar Kelley all got 2 hits for the Beaver, while Kenneth Pope got 3 hits to lead the Bank. Skip Rainer and Max Boutwell also got 2 hits.

SENIOR SPOTLIGHT Mrs. Elizabeth Dunaway

Mrs. Dunaway

This week we'd like to introduce you to Mrs. Elizabeth Beatrice Owens Dunaway, who is also known as "Granny" Dunaway to her many friends, and she is a "Very Special Person."

Granny is a short, plump lady with white hair and intelligent brown eyes. She is completely deaf, but still has good eyesight, so one has to write one's conversations with her.

We wanted to talk to her about her parents, brothers, sisters, etc., and she quickly answered, "Where do you want me to start?", and we wrote back, "Anywhere you want to"; so, she started at the time she was a little girl, and we sat enthralled for the next 30 - 40 minutes listening to her. We could have stayed longer, too, for she was still "going strong." (She had said to herself, "I've talked a can talk for hours.") But, we sensed she was tiring, so we concluded the interview. Upon our leaving, she said, "Come back again and I'll talk some more."

Granny was one of 12 brothers and sisters born to Martin Van Buren and Sara Ann Manda Godley Owens in or around Bristol (Liberty County), Florida, on July 11, 1881. As we can readily see, she, too, has just recently celebrated a birthday (as has many of our friends at the nursing home), and she was a young 84 on that date!

Granny's father was a Confederate War veteran and a farmer. He fought in the infamous Battle of Atlanta, and when he returned home after the War, he nursed the wounded and injured in the hospital.

He also married after the war, when he was rather old, and he and Granny's mother died when she was around 10 - 11 years old. Of the 12 children born to Granny's parents, she is the only one living today.

Granny's ancestors were early pioneers and quite prominent folks in Liberty County. Among her distinguished relatives, she can count an uncle who was sheriff of the county; another uncle who was county judge (same as our probate judge) and held the office until his death; upon his death, his son was appointed and then elected for several terms; a second cousin who was former governor of the State of Florida; and a cousin by marriage who today serves as sheriff of Liberty County.

Granny married Samuel Thomas Dunaway of Hardaway, located in Liberty County, on May 16, 1912. He passed away in 1934, but, before his death, he held many interesting and unusual jobs. He worked in aluminum plants in Badin, North Carolina; the coal mines of West Virginia; and did road construction work and carpentry work in both states. We think one of the most unusual jobs he held was as a young man, that of "turpentine" in Florida.

Now, for all you babes out there who don't know, we tell you that "turpentine" is a resin that you put a "facing" (a skinned, cut piece) on a pine tree, and then the resin runs down the facing and drip on a piece of tin attached to the tree. Attached to the tin was a pewter cup and the cup was emptied into a bucket, which is then taken (or it was) back

then) to the wagon and poured into a barrel, which in turn is taken to the still, and distilled. Turpentine - which has many different uses. Mr. Dunaway's job was mostly driving the wagon to the still, driving the turpentine business was the hard part, as a mailman. He delivered the mail by horse, and he was a man of much energy and many skills. He also was a musically inclined fellow, for he played the Jew's harp, banjo, organ, piano, guitar, harmonica and fiddle.

Granny has always been a homemaker, and quite a busy one, too, we imagine, you would like to know. She has six children, six little "Dunnaways"; also, she was left a widow with the six children ranging in ages from 6 to 21.

The children and their spouses and families are: Claudia Cook Stewart, who is widowed and resides here in Elba and has three children. Claudia was a birthday present to Granny, for she was born on Grime's birthday; she also got married in the same month and on the same date as Granny (which was unplanned - she didn't even realize the date was the same!) Her children are Jimmie Cook, who lives in Portland, Oregon, and is the father of two children, Patricia and Gregory; Susan Cook Wells, who is widowed and retired and makes her home in Senatobia, Mississippi, in a convalescent home; and Sandra Stewart, a young lady of 14 who attends Elba High School.

L. F. Dunaway (better known as Bow) is City Superintendent of Streets for the City of Elba, and is married to the former Larue Stewart of Blount (Randolph County), and they are the parents of children - Barbara (Mrs. Grady) and Jimmie (Mrs. Turner of Ft. Walton Beach, Florida, who has a daughter, Blythe, and a son, J. Harold, who is a bookkeeper with Zale's Jewelers; and Dondi, who is employed as a Computer Programmer with National Security, and has just recently wed the former Tammy Young, who is employed at Dorsey Trailers.

The third and fourth sons are Farnold Norrell, who died as an infant, and Reid, who, until his death, lived in Akron, Ohio, and was the father of three children - Dan, Linda and Curt. The fifth child is Mary Peadar, who lives in Elba and is a matron in the county jail. She has four children - Betty Jo, a homemaker in Bristol with two sons - Jimmy and Edward; Carl, who is in the Navy in San Diego, and is the father of one son - John; James, who works on a tugboat, resides in Bristol, and has two daughters - Susan and Ginger; and Mildred, who had two children - Richard and Alicia, but who is now deceased.

The sixth child is a son, Sam Robert, who resides in Bristol, Florida, and has two daughters - Robyn and Lisa. He has five grandchildren.

Granny's seventh child, and the "baby of the family" is Juanita McDowell an LPN who lives in Elba and works at the Opp Miel Memorial Hospital on the cardiac unit. She has five children: Sonya Capps, a homemaker and FSU student and mother of three - Curt, Chad and Katrina. She and her family reside in Blountstown, Florida; Jimmy, the eldest of two children - Christy and

Jennifer, who lives in Elba, see, and works with the State of Florida, in the Juvenile Department; Beverly, a dental supply salesperson whose work takes her all over the continental United States, but whose home is in Kennesaw, Georgia, a suburb of Atlanta; Charis, of Panama City, and the mother of two daughters - Amy and Virginia; and she works in the advertising department of the local television station in Panama City; and Blanche Brown, Peachtree City, Georgia, who works for IBM and has one son, Christopher.

All told, Granny is Grandmother to 20 grandchildren and 25 great-grandchildren, who lovingly call her "Maw Liz" and Grandmother.

Granny is, one might say, a "seasoned traveler," having put many miles behind her. She has been all up and down the Eastern Seaboard, and crisscrossed back and forth to Oregon several times. She has been to Pennsylvania, New Jersey, and Maryland several times to visit Claudia and two of her cousins who live there.

She is a founding member of the First Baptist Church in Bristol, and Claudia said, "We were in Sunday School together, and she is a very strict, but she also remembers her mother as a 'wonderful mother,' always cheerful and energetic."

When Granny came to the nursing home, she brought her own little library, for she is an avid reader, and she has been reading ever morning, she'd take her Bible and go down to Mr. and Mrs. Cecil Crook's room (before he passed away) and read the Bible to them.

Granny and her family have been close friends of Claudia's since she was born. Claudia remembers Fourth of July when family members and friends gathered at her home, and there would be a big fish fry, jewelry watermelons and lots of good home-made ice cream. She said, "We were a REAL close family, with lots of love, and love and companionship."

A mahogany fern stand in the living room held a large arrangement of red and cream roses, and provided an attractive background for the receiving line, which was composed of the honoree, her mother, Mrs. Robert Cannon, and her grandmother, Mrs. Joe T. Vann of Troy. The coffee table held a bowl of roses and sprays of Lily of the Valley.

Miss Judy Lee of Montgomery and Mrs. Tom Maddox of Enterprise presided over the bridal registry which was placed on a small table draped in lace over a pink undershirt. REHEARSAL DINNER
The Troy Country Club was the setting for a dinner party honoring Miss Courtney Cannon and Hollis Horton III, on the evening before their marriage. Hosts for the dinner were Mr. and Mrs. H. Hollis Horton Jr., of Frisco, Texas. Guests gathered in the ballroom where the long mantel was banked with magnolia greenery and the coffee tables at each end of the room held large bowls of creamy carnations. A round table was covered with a floor-length green and centered with bowls of pink roses were set for the one hundred guests who attended. Mr. and Mrs. Jack Brunson and Mr. and Mrs. Jim Williams directed guests to their tables while Mr. and Mrs. Kasper Anderson and Mrs. Bill Martin mingled with the guests. KITCHEN SHOWER

A gaily-decorated door greeted the guests who attended a brunch at Mrs. Milton Warr's home on Tuesday, July 31. The occasion was a kitchen shower honoring Miss Courtney Cannon.

A ruffle of red-checked gingham edged in embroidered eyelet outlined the door on which was hung a pie tin outlined in red calico and centered with a yellow dish cloth boy and girl.

The guests were invited into the dining room by Mrs. Paul King. The dining table was covered with a white linen cloth and edged with a red-checked ruffle which was tied at the corners in large bows. White doves perched atop each bow. A bowl of gardenias, roses and daisy mums centered the table.

Mrs. Kenneth Strong served coffee from a silver service placed at one end of the table, and silver trays held individual cheese cakes, miniature meat pies, wedges of fresh fruit, sand tarts and other party fare. A side table held pitchers of lemonade.

Courtney received a variety of useful gifts, and the hostesses presented her with a waffle iron. She wore a lavender cotton dress sashed in lavender and white.

A TOUCH OF CLASS.

Introducing GTE Touch Calling. Touch Calling is loaded with style, but you'd never know it to look at what it costs. Because it's surprisingly inexpensive. And if you're wondering about the colors and styles available, just wait until you see them. Because they're versatile and terrific enough to make choosing one an extremely difficult task. So don't choose one phone. Choose several phones and have them all put in at once. Because it'll cost you less that way. Now that you've thought about it, which would you prefer? Making old-fashioned, humdrum calls, or making calls that actually add an extra touch of class to your life? We thought so.
